10 products to boost efficiency on your site

Not enough staff?
Construction site delayed?
Are you behind your schedule?
With these tools & machines
you can make up for lost time!

handling equipment

PAVER LAYING

Installation Clamp HVZ-ECO

Powerful attachment clamp for mini excavators: only one hydraulic control circuit is required to control all movement sequences of the clamp.

Order-No. 51400034

PAVER TRANSPORTATION

Paver Transport Cart VTK-V

Easy transport of interlocking paving stones, kerbstones, slabs or similar.

Order-No. 51100015

JOINT FILLING

Paver Jointing Device EASYFILL EF-H

Fast & inexpensive filling of pavement joints on small and medium sized areas. Joint material can be grouted dry or wet.

Order-No. 51700003

SCREEDING

Telescopic Screeding System TAS-UNI

Precise laying course adjustment due to height-adjustable, smooth-running roller units with guide plate and folding deflector.

Order-No. 51000042

SCREEDING

Handscreeding System EASYPLAN EP-UNI

Hand tool set for the efficient screeding of small and medium sized subgrade surfaces: time-saving and ergonomic, all without kneeling.

Order-No. 51000040

PROFESSIONAL TOOLS

Paving Block Extractor SZ

Indispensable for anyone who lays interlocking pavers or carries out repairs on them. Suitable for all paver shapes and sizes.

Order-No. 51800030

VACUUM LAYING

Laying Dolly UNIMOBIL UM-VS

Complete unit for rapid vacuum laying of highly porous laying materials such as natural and concrete stone slabs.

Order-No. 42740017, 52700015, 52500243, 42720238

VACUUM LAYING

Kerb Stone Inst. Machine JUMBO-BV-VARIO-B

Vacuum kerb lifter with innovative safety features: lay kerbs quickly, safely and ergonomically.

Order-No. 52200011

LAYING OF LANDSCAPING ELEMENTS

Grab for Angular Concrete Products WEZ-2

Exact placement of L-stones: Suspension eye can be adjusted to the centre of gravity of common elements so that they hang vertically.

Order-No. 53100347

CIVIL ENGINEERING

Manhole & Cone Inst. Clamp SVZ-UNI-VARIO

Exact placement of cones: the adjustable integrated centre of gravity enables cones to be moved in a secure horizontal position.

Order-No. 54000041
